Humane Transport

Transporter

Scenario

An animal have to be FWR early.

User Experience

Shortest FWR log will be recorded

| Travel (Early FWR)	Travel (Scheduled FWR)	Delivered	Phase 4
Doings	**Doings**	**Doings**	**Doings**
1. Noticed an animal requires FWR Before its next schedule interval 2. Open Humane Transport app and record FWR form	3. FWR the rest of animals 4. Not required to fill out another FWR form	5. Arrived at destination 6. Hand in ToC 7. Acknowledged by the receiver	

Emotions

Thinking	Thingking	Thingking	Thingking
I don't need to fill out another FWR for my second FWR station stop			
Saying	**Saying**	**Saying**	**Saying**
	Where can I add a special note for the Animal that required early FWR?		

Insights

An event where animals were already loaded and are

considered fit for transport hence to why phase 1 starts in

travel phase. This scenario also covers injured animals.
